

Talk: "HOW TO PUBLISH SCIENTIFIC RESEARCH"

Dr. Francesca Bonadei
(Executive Editor, Springer Italia, Milan)

Thursday, 22nd January 2026 / Jueves 22 de Enero de 2026, 11:15-12:15h
Aulario II, Aula/Room **B02**, University of Alicante

Abstract: Springer offers author seminars to guide researchers in writing, submitting, and publishing scientific content, with a focus on topics like manuscript preparation, peer review, Impact Factor, Open Access, AI and publication ethics. This talk will help authors navigate the publishing process, improve the quality of their manuscripts, and understand the requirements of scientific journals/books and the SpringerNature publishing process.

Agenda

Why to publish scientific research

How to publish scientific research: either a book or a paper?

Peer-review and © issues

Open Access

Impact factor

Springer Nature and AI

Free online researcher support at Springer
